## MODEL IN A BOTTLE

No, it's not what your man asked for in his dreams, but it will keep you looking fab. This will hold your makeup in place morning to night, eliminating the reapplying of your makeup throughout the day.

## SENDHERFLOWERS.COM

Here's a quirky website all men should check out. SendHerFlowers.com was designed specifically for men to send flowers to women. They make it fast and easy to use, with a quick three-step process. Guys can choose from several arrangements, and three price ranges. No better time for men in Austin to use SendHerFlowers.com than Valentine's Day - sometimes guys just need a little direction!
