I'm A Genie In A Bottle...

With all the buzz, **MODEL IN A BOTTLE** (\$18/2oz @ modelinabottle.com) is fast becoming a makeup must have. We all have tons of products that remove makeup but what about ones that keep it on? This MIAB locks your makeup in place so it won't move and slide off during the day. Simply spray a fine mist about 12 inches from your face, wait 30 seconds for it to dry and you're ready to go. It won't suffocate your skin or clog pores. And best part is that after it dries, you can't even tell you are wearing it.
