Teachers can sport these sassy **Dance Tees** by **Body Wrappers** in class or on their way out the door. From left to right: The first shirt asks "Can You Dance?" on the front and displays a soup can on the back with the instructions "Motion Devotion: Just Add Music"; the middle tee has an abstract graphic with glitter and foil highlights; and the last one features mirror image text that says, "If you can't read this, you can't dance." Now you can stop worrying about smudged competition or recital makeup. **Model in a Bottle** makeup-setting spray by **Regal Beauty, Inc.** is designed to absorb excess oil in the skin and leave a long-lasting matte finish.
